Unveiling Progress in Our Second Issue

Have you published a paper or participated in a congress in the last months?

Please contact WP9 with the details so that we can add it to DT-GEO Dissemination Register.

Watch our new **video**

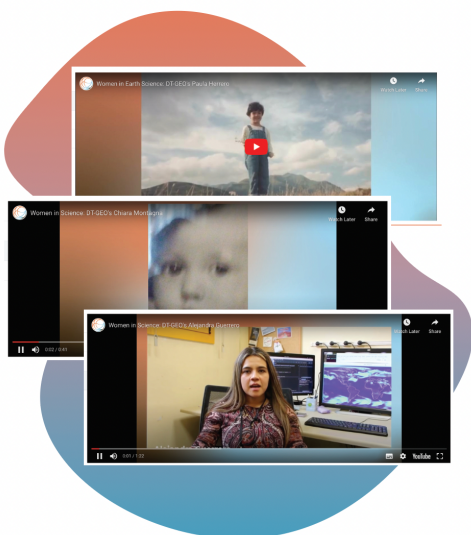

Explaining DT-GEO in less than three minutes is difficult. Doing it in an informative way to reach a general audience is an even more challenging.

However, we have managed to create a video explaining what DT-GEO is, why it is important and its objectives. Take a look at it and share it!

Watch it on YouTube

Women & Girls in Science

The International Day of Women and Girls in Science on February 11 serves as a global call to action to recognize and support the crucial contributions of women researchers in scientific communities around the world.

To commemorate this, three DT-GEO researchers delve into their personal journeys in the field of geophysics.
